

This book is based on the presentations and discussions at a symposium jointly arranged by Academia Europaea (www.ae-info.org) and the Wenner-Gren Foundations held in Stockholm in late May 2013. The conference was part of the HERCULES (**H**igher **E**ducation, **R**esearch and **C**ulture in **E**uropean **S**ociety) initiative within Academia Europaea. The programme was planned by an Organizing Committee consisting of Professors Wim Blockmans, Leiden, The Netherlands (chair); Eric De Corte, Leuven, Belgium; Lars Engwall, Uppsala, Sweden; Jan Reedijk, Leiden, The Netherlands; and Denis Weaire, Dublin, Ireland.

The symposium and the present volume have been generously supported financially by the Wenner-Gren Foundations, for which we are very grateful. We also like to thank the Foundations for their administrative support. Our special thanks go to Professor Bertil Daneholt, former Science Secretary of the Foundations, the present Scientific Secretary Professor Britt-Marie Sjöberg and the Administrative Assistant, Maria Helgöstm. We also thank our colleagues in the Organizing Committee as well as the Executive Secretary of the Academia Europaea, David Coates and his Administrative Assistant, Teresa McGovern for their assistance in the preparation of the Symposium.
